INTERACTIVE DARTS

Step into the action with Sideshow Darts - designed for everyone from first-timers to sharpshooters. Using our innovative, camera-based scoring system, each throw is tracked automatically, letting you focus on the thrill of the game without the hassle of keeping score.

INTERACTIVE SHUFFLEBOARD

Our shuffleboard experience brings a new level of excitement to this classic game, combining skill and strategy with a dash of friendly competition. With three unique game formats to choose from, there's something for everyone, from shuffleboard purists to those seeking a fresh twist on the traditional game.

KARAOKE BOOTHS

Our private karaoke booths are where you can belt out your favourite hits without judgment - just love and support from your crew! With a killer song library and soundproof walls (thank us later), grab the mic, cue the classics, and get ready for your personal concert.

POOL TABLES

Grab your cue and show off your skills (or your best trick shots) at our pool tables! Whether you're a seasoned shark or just here for the fun and drinks, it's all about good times and friendly competition. So gather your crew, take your best shot, and let the good times roll!

BEER PONG

Whether you're a beer pong champ or just getting the hang of it, our tables are the perfect spot for epic showdowns. Sink a shot, take a sip, and let the good times flow with every cup. Remember: it's not just about the cups you hit, but the cheers you earn!
