LOCAL STREET FOOD TRADERS

A modern take on the food market, offering a wide selection of street food from across the globe.

The plaza is surrounded by local independent street food traders offering a wide variety of food from across the world including Mexican, Asian, Greek, Italian and Indian along with your classic offerings of burger and fish & chips, this ensures your guests have plenty of choice when it comes to food options.

- Food vouchers must be included in the package to ensure our independent street food traders benefit from the private event as the venue would be closed to their regular customers.
- Guests will also be able to pay cash to purchase more food and drinks etc on the day.

Eating and drinking with groups of friends in a lively environment is the main activity people are participating in, with experiences being the preferred leisure activity of not just the young, but with the formidable forties as well.

BARs

STACK SEABURN has 5 bars surrounding the outdoor plaza area across two floors including:
